

3 + 1 Finance Pathways

The following are example pathways for students completing an economics major in three years. It should be noted that each respective pathway assumes that the student will enter the UO with 30-45 credits earned from AP, IB or pre-college programs. Students interested in the 3 + 1 Finance Pathway should work closely with an advisor to create an academic plan based on their unique academic plans and choices.

Pathway A: Economics major/business minor with some general education and WR 121, Math 251 and Math 252 complete.
